

Contact Information	2000 Pennington Rd., Business Building, Room 115, Ewing, NJ, 08628	E-mail: olmezo@tcnj.edu Website: https://berkolmez.github.io/
Academic Positions	Assistant Professor The College of New Jersey, Ewing, NJ	08/2026 – Present
Education	Ph.D., Operations and Decision Analytics, Zicklin School of Business, Baruch College, CUNY, 2021 – 2026 <i>Thesis title:</i> “Managing Multi-Channel Service Operations” <i>Thesis advisor:</i> Alex Mills M.S., Industrial Engineering, Ozyegin University, 2018 – 2021 <i>Thesis title:</i> “An adaptive large neighborhood search for the inventory routing problem using vehicles with multiple and configurable compartments” <i>Thesis advisor:</i> Ali Ekici B.S., Industrial Engineering, Ozyegin University, 2013 – 2018 <i>Senior Design Project:</i> “A clustering algorithm for determining global warehouse locations for Arcelik”	
Publications & Working papers	Working Papers W1. Olmez, O.B., Mills, A. “Pooling in-person and virtual queues with an application to telehealth” W2. Olmez, O.B., Mills, A., Huang, M. “Customer Behaviors in Multi-Channel Services” W3. Olmez, O.B., Mills, A., Cakici, O. “Public Policy in Multi-Channel Healthcare” Journal Publications J1. Olmez, O.B., Gultekin, C., Balcik, B., Ekici, A., Ozener, O.O. 2022. “A variable neighborhood search based matheuristic for a waste cooking oil collection network design problem”, <i>European Journal of Operations Research</i> , 302(1), 187–202 Book Chapters B1. Gultekin, C., Olmez, O.B., Balcik, B., Ekici A., Ozener O.O. 2020. “A decomposition-based heuristic for a waste cooking oil collection problem”, in <i>Green Transportation and New Advances in Vehicle Routing Problems</i> , Springer, Cham.	
Awards & Fellowships	Mills Tannenbaum Research Excellence Award, 2023 Baruch College, CUNY, New York, USA <i>Description:</i> In recognition of outstanding research as a doctoral student.	
Teaching Activities	Instructor, The College of New Jersey <i>Course title:</i> Operations Management (MGT360) <i>Fall 26</i> Instructor, Baruch College, CUNY <i>Course title:</i> Foundations of Predictive Analytics and Decision Modeling (QNT2020) <i>Fall 25, Spring 25, Fall 24, Spring 24, Fall 23, Spring 23, Fall 22</i> <i>Course title:</i> Service Operations Management (OPM3000) <i>Spring 26</i>	
Conference Activities	Conference Presentations Presented work: “Public Policy in Multi-Channel Healthcare” INFORMS MSOM Conference 2026, Boston, MA. POMS 36th Annual Conference 2026, Reno, NV. Presented work: “Customer Behaviors in Multi-Channel Services”	

INFORMS MSOM Conference 2026, Boston, MA.
POMS 36th Annual Conference 2026, Reno, NV.

Presented work: “Pooling in-person and virtual queues with an application to tele-health”

INFORMS MSOM Conference 2025, London, UK.

INFORMS Annual Meeting 2024, Seattle, WA.

POMS International Conference 2024, Istanbul, Turkey.

POMS 34th Annual Conference 2024, Minneapolis, MN.

INFORMS Annual Meeting 2023, Phoenix, AZ.

Skills &
Certificates

Programming Skills

Python, Java, C++, R, MATLAB,

Gurobi, CPLEX, Baron,

Qiskit (QWorld Bronze Certificate)
